Subject: **Notice of As-Built Deviation**
Project Name: Barton Farms-Littoral Zone Modification
Permit No.: 44009834.005
Compliance No.: 381395
County: Sarasota

Dear Mr. Horton:

The Southwest Florida Water Management District (District) received your Statement of Completion and Request for Transfer to Operation Entity form with as-built drawings for the subject project on October 29, 2015. District staff reviewed the submitted information and identified the following deviation from the permitted design:

Administrative Deviation:

- Statement of Completion Form - Page 2: Please provide a fully executed Page 2 of the Statement of Completion form with appropriate signatures from the permittee and operation and maintenance entity. The form submitted does not include information or a signature for the permittee in Part 3, and does not include the name of the Operation and Maintenance Entity (Barton Farms Association, Inc.) on Part 4. Also, the authorization letter provided is not adequate because it is from the permittee and not the operation and maintenance entity.

In order to bring this matter into compliance with the subject permit and District rules, you must have the listed deviation corrected immediately and submit the required information no later than **December 24, 2015**. Your response should be directed to me at the Sarasota Service Office. Your cooperation in this matter is appreciated.

If you have questions, please contact me at (941) 377-3722, extension 6567.

Sincerely,

Daniel M. Golus, P.E.
