Sarasota, FL 34232

Subject: **Final Notice of As-Built Deviation**
Project Name: Barton Farms - Littoral Zone Modification
Permit No.: 44009834.005
Compliance No.: 381395
County: Sarasota

Dear Mr. Horton:

On November 24, 2015, the District sent a letter to you advising of deviations associated with the subject project. The District received a response; however, the following item remains outstanding:

Administrative Deviation:

- ***Statement of Completion Form:*** Part 4 of the Statement of Completion (SOC) form lists Laurel Lakes HOA, Inc. as the operation and maintenance entity; however, it appears the Operation and Maintenance Entity will be Laurel Lakes Association, Inc., as they are the current owners of the common areas (ponds). Additionally, it appears the name of the Operation and Maintenance Entity listed for the previous permit (MSSW 40009834.001) has changed from Barton Farms Association, Inc. to Laurel Lakes Association, Inc. Therefore, please revise Page 2, Part 4 of the SOC form to reflect Laurel Lakes Association, Inc. as the Name of Owner or Other Acceptable Legal Entity for O&M. Also, please clarify who is signing for the association, as a name was not provided on the form above the Name and Title line.

In order to bring this matter into compliance with the subject permit and District rules, you must have the listed deviation corrected immediately and submit the required information no later than **February 24, 2016**. Your response should be directed to me at the Sarasota Service Office.

The information can be submitted on-line using **eCompliance** by visiting the District's Environmental Resource Permitting System in ePermitting located on the District's website at <http://WaterMatters.org/LogInERP>. If you do not have an account you can sign up by clicking the "Register Now" button.

If you have questions, please contact me at (941) 377-3722, extension 6567.

Sincerely,

Daniel M. Gokus, P.E.
