[EXTERNAL SENDER] Use caution before opening.

Hi Carley,
An update on the progress at Laurel Lakes:

Depth readings have been taken in the area of concern. Prices for the dredging have been requested, with some still outstanding at this time. The expenses are much higher than expected. This situation is becoming a much larger project that originally envisioned. The HOA is holding meetings to discuss possible directions to pursue, dependent upon costs and budgeting concerns. I am requesting an additional 60 day extension while we continue to try and solve this issue.

Once again, thank you for your patience and for working with us on this situation.
